## Flexible & Secure Card Printing

The cutting edge AlphaCard PRO 700 makes it effortless to create secure cards. The sharp print quality is enhanced by ICC profiles that seamlessly map colors from your software. Constructed with high performance materials and featuring large capacity hoppers (up to 200 cards) the PRO 700 is a workhorse your office can rely on for years.

## Custom AlphaGuard Watermark Technology

For maximum security and professionalism, the built-in AlphaGuard technology adds a hologram-like watermark over your printed card without any additional supplies. This added layer of visual security makes cards harder to tamper with or duplicate. The PRO 700 printer includes one free Custom AlphaGuard design securely programmed with your logo or artwork (a $598 savings) as well as five standard designs.

# Industry-Leading 4 Year Warranty

**4 YEAR**

We're so confident that the AlphaCard PRO Series printers are manufactured to the highest quality standards, that we back them with the best warranty and replacement program in the industry! Not only will you enjoy lifetime AlphaCare support, you'll also have the assurance that your AlphaCard printer is guaranteed to run smoothly for years.
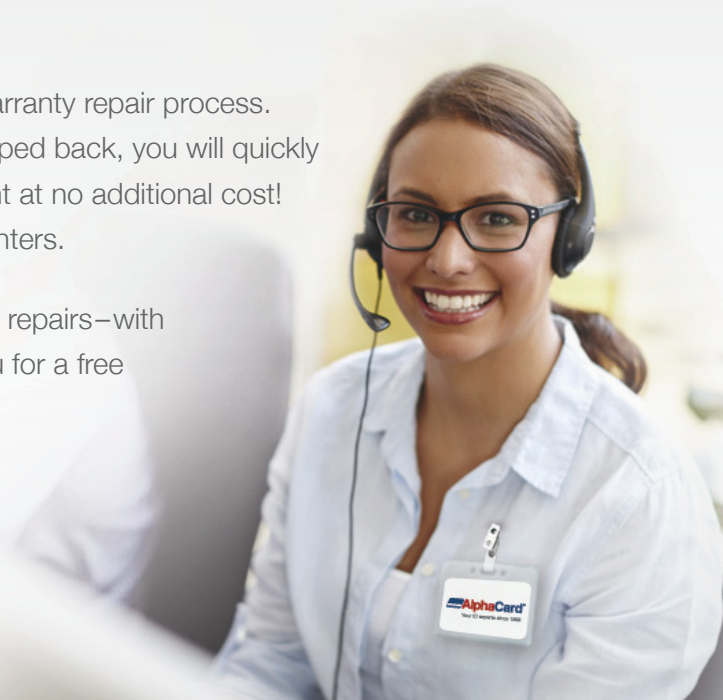

**Pro-Xchange Keeps You Up & Running**

The Pro-Xchange program takes the hassle out of the warranty repair process. Instead of waiting for your printer to be repaired and shipped back, you will quickly receive a comparable printer as a permanent replacement at no additional cost! This benefit is included with all AlphaCard PRO series printers.

This program helps minimize the downtime during printer repairs—with Pro-Xchange any warranty-covered problem qualifies you for a free replacement without the wait.
