

AlphaCard School ID Standard Edition

Easily design, print, and manage school ID cards

Powerful School ID Card Software

Specially designed to meet the needs of schools, AlphaCard School ID Standard makes it easy to design, print, and manage ID cards for students, teachers, staff, volunteers, visitors, and contractors.

Loaded with easy-to-use features and customizable school ID templates, it's the perfect solution for public K-12 schools, private schools, charter schools, daycare centers, kid's camps, and more.

Standard Edition Features

AlphaCard School ID Standard edition is ideal for most K-12 schools wanting to design, print, and manage school ID cards. Standard edition allows you to connect with Microsoft Excel, Access, or Text DB, as well as student or staff photos stored on the school's network.

Highlights

- Specially designed for students, teachers, staff, visitors, contractors & volunteers
- Customizable built-in card templates
- Add and store an unlimited number of people in the database
- Easily look up, edit & reprint cards
- Quickly find student or staff details with advanced search tools
- Supports 1D & 2D barcodes & magnetic stripe encoding
- Connects to Microsoft Access, Excel, or Text DB
- Compatible with Windows 7, 8, 10
